

CASE STUDY

Mandeville Jr. High School Vehicle Drop Off Car Line Canopy

Mandeville, Louisiana

www.taschinc.com

THE GOAL

The goal of this project was to improve safety, accessibility, and functionality at Mandeville Junior High School. St. Tammany Parish School Board aimed to provide a safer and more efficient space for student arrival and dismissal, shielding students from the elements while streamlining traffic flow. The project also included new protective bollards, lighting improvements, and ADA-compliant upgrades to ensure the campus meets accessibility standards and enhances the overall experience for all students, staff, and visitors.

PROJECT OVERVIEW

Industry: Education

Architect: Multistudio

Key Deliverables: custom fabricated drop-off canopy, upgraded lighting, traffic control signage, pavement markings, concrete modifications, ADA-compliant ramps and path adjustments

Budget: \$266,000

Time Line: 90 Days

COURSE OF CONSTRUCTION

Construction is underway at Mandeville Jr. High where our team is installing a new vehicle drop off canopy along with safety features.
